Subject: FW: MORE SPILLS THIS WEEK!!!!!!

There were three (3) sewage spills over the week-end!! One on Tapa Place discharged over 1,000 gallons (according to **the company**) that entered the lake where children were swimming!!! Another occurred on Koala Circle and did not enter the lake. The third one was on Marquesas and entered Lake Wylie. Many citizens report they never received a call to inform them that sewage had entered the lake which the company is supposed to do. You can therefore assume that many citizens have not been informed if it is safe to swim, fish, boat in Lake Wylie.

I suggest you email City Council members and demand that we take legal action against TCWS.
